

Symptoms of COVID-19 include the following:

Fever or chills
Cough
Shortness of breath or difficulty breathing
Fatigue
Muscle or body aches
Headache
New loss of taste or smell
Sore throat
Congestion or runny nose
Nausea or vomiting
Diarrhea

Symptoms may appear 2-14 days after exposure to the virus.

STAY HOME IF...

You have any symptoms of COVID-19 - See table to left.

You have a fever - Temperature of 100°F or higher.

You have diarrhea or vomiting - Within the past 24 hours.

You have a new or worsening rash.

You have new or worsening redness or “crusty” drainage from the eye(s).

GO BACK TO SCHOOL WHEN...

You meet the following criteria after having COVID symptoms - (per NYS Department of Health 10NYCRR 2.6).

- **Provide a negative COVID test result** - From a NYS approved laboratory

OR

- **Remain excluded from school for a minimum of 10 calendar days** - From symptom onset.

OR

- **Provide a note from a healthcare provider** - With a diagnosis of a known chronic condition with unchanged symptoms or a confirmed illness (flu, strep, etc) explaining the alternate diagnosis.

You are fever free with no vomiting or diarrhea - For at least 24 hours.

Your rash has improved or has resolved - And evaluated by a doctor if needed.

You are free of drainage/redness of the eye(s) - And evaluated by a doctor if needed.
